High fidelity audio effects to enhance daily life. Sprinkle your conversations with a burst of canned laughter, a round of applause or a wa-wa-wa-waaaahh. You may feel the need for a major explosion, or the load-and-fire of a pump action shotgun. You will soon wonder how you ever managed without a perfect push-button wolf-whistle, a raspberry, or a fanfare and drum-roll on demand. Quality sound-bites in a sleek, pocket-able machine.
