

heroines of history tablecloth

Trade £9.75 RRP £24.95

Colour-in and discover twenty impressive women in history from across countries and centuries – some familiar, some lesser known – with this fun, creative and hugely inspiring tablecloth! From Boudicca and Sacagawea to Joan of Arc and Cleopatra, learn about the brave and brilliant women who pioneered and triumphed.

Colour-in their portraits and decorate the beautiful frames using the included set of ten wash-out fabric pens. To discover more about these women who helped shape our world, simply scan the QR code on the packaging and read all about their extraordinary lives and stories!

Your vibrant colouring will dry in seconds and last for as long as you'd like it to. What's more, the 100% cotton tablecloth has two corner loops, so you can have it as a cool wall-hanging! Whenever you're ready for a new design or for the next fun event, simply pop your tablecloth in the machine, the ink completely disappears, and it's ready for more colouring and discovery!

In honour of International Women's Day and the Suffragette movement, the backdrop of this educational tablecloth is a wonderful lavender, signifying justice and dignity. The women featured have been chosen for their diversity and achievements, but there are so many more amazing lives and stories waiting to be discovered, which is why we've left three frames for your own personal hero choices whether historic or contemporary because, of course, the heroines of the future are taking shape themselves as we colour and learn!
