“ While the idea is not new, the execution is excellent. Especially as you can pick your own gifts.
I got a box for my son's birthday. The joy on his face as he opened a door to a scrumptious chocolate or banksy cards was wonderful. 7 days leading up to his birthday and a small but loved surprise everyday. Just perfect. My son is 32!
Well done seven yays. You have a lifelong customer.

“ Brilliant & unusual gift idea - my sister was 40 and she was so excited to have a whole week of Yays before her big day. The choice of gifts is great and a good selection of vegan, cruelty free items as well which was important. Definitely will be buying again from here
