OUR MISSION

To create memorable experience through unique and high-quality products.

OUR STORY

After a 2008 trip to India, Tyga's founder, Matt, struggled to recreate the authentic flavours he loved. With help from local chef Shahin, Tyga was born: meal kits with all the essentials for authentic Indian dishes, delivered to your door.

Our date night curry and gin hampers bring the flavours of Asia to your home—perfect for meals, special occasions, or unique gifts.
