Demi-fine Jewellery ✦ Retail Buyers' Guide

GOLD TRIP

Jewellery for your journey. Elevate the everyday with affordable luxury. Gold Trip is an independent, British, demi-fine jewellery brand, based in London. The brand was founded from a belief that beautiful, quality jewellery can be affordable, design-led and great quality.

Gold Trip founder, Michelle comes from a marketing and sales background in design and ultra-luxury automobiles. During her previous career, she travelled regularly throughout the world and found she wanted design-led, high-quality jewellery that stood the test of time, but could be left in luggage or worn on the beach carefree.

With a background of Mandarin studies at the Beijing Language & Culture University, she combined her love of the Chinese language and culture with her extensive travel throughout China, and took her passion for design and knowledge of manufacturing processes back to the Far East where she built relationships with Gold Trip's amazing suppliers. In 2021, from her apartment at Battersea Power Station, London, she founded Gold Trip to offer exactly what she herself had been looking for all those years.

Most Gold Trip pieces are crafted from hallmarked 925 sterling silver, and plated in either rhodium or 18ct gold, with many designs featuring freshwater pearls, cubic zirconia and natural semi-precious gemstones.

Each Gold Trip piece is presented in beautiful and reusable gift packaging, perfect for treating yourself or others.
