RE, CYCLE, ME™
TURN YOUR GARBAGE INTO ART

Each ReCycleMe box is a 'one stop shop' for parents, grandparents, or friends – allowing them to spend quality time making something with children! It takes all the hassle and expense out of shopping for all the bits and bobs and contains all the accessories to make the finished article.

"We created Re-Cycle-Me because we understand that waste and how we choose to handle it, affects our planet. We want every kid to feel empowered and learn to create new toys with disposables that they can find at home.

❯ **Reduce** the waste you create
❯ **Reuse** it and give it a new life
❯ **Recycle** and have fun with family & friends"
